

Tokoriki Diving

tokorikidiving.com
enquiries@tokorikidiving.com

1. **Edge of Reality**—Great swim throughs, shallow coral gardens. (10–24m)
2. **Dunk's Canyon**—Steep coral wall, regular sightings of bump head parrotfish, turtles and reef sharks. (10–16m)
3. **Sherwood Forest**—Thickly forested pinnacles, giant sea fans, hard corals, myriad reef fish. (14–24m)
4. **Magic Mushrooms**—Unique giant clam farm and excellent macro species site. (5–20m)
5. **Tokoriki Wall**—Our favourite night dive spot; creatures big and small frequent at night. (5–18m)
6. **Blue Coral Reef**—A stunning coral reef, unique for the blue coral 'heliopora caerulea' that grows in abundance. The only site in Fiji where it does so! (5–14m)
7. **Tokoriki South Wall**—A very shallow beginner divers reef; pretty coral outcrops and sting rays. (5–12m)
8. **North Reef**—Coral encrusted pinnacles abutting a large shallow reef. Rich fish life and turtles. (5–20m)
9. **Shrimptastic**—Cleaning station right on our doorstep and a unique macro dive. (22m)
10. **Salamanda Ship Wreck**—30m long ship wreck. Mangrove jacks, starry puffers, lionfish to name a few. (28m)
11. **Wilson's Point**—Coral rich shallow reef, perfect for the critter hunter. (5–14m)
12. **Anna's Reef**—Beautiful location; coral rich terrace. (5–16m)
13. **Monuriki Garden**—Excellent fish life, patches of soft and hard corals, regular turtle sightings. (12–20m)
14. **Saki's Reef**—Stunning coral reef, teeming reef fish life; the rare palette surgeonfish often seen. (12–20m)
15. **Bird Rock**—Great coral and lots of anemones. (12–20m)
16. **Seven Sisters**—Beautiful coral wall location and guided snorkel safari site. (10–16m)
17. **The Supermarket**—White, black tips and grey reef sharks, barracuda, Spanish mackerels, trevally... and more! (16m–30m)
18. **The Outer Limits**—Terraces blanketed in soft corals, tremendous fish life: reef sharks, barracuda and eagle rays. (16m)
19. **Gotham City**—Barrier reef pinnacles; great fish life: batfish, trevally, moray eels etc. (16–26m)
20. **Edenville**—Shallow drift dive; coral rich site with Hawksbill turtles often seen. (6m - 14m)
