

LEARNING TO DIVE AT TOKORIKI

What makes learning to dive at Tokoriki so great is just how easy it is.

Our groups are always small, so you'll get personal attention from our Dive Instructors. We'll fit in around you so you don't miss out on other things you may have planned. Best of all you'll be learning to dive in clear, warm and safe seas – only a stone's throw away from the beach. Our Tokoriki Island dive sites simply couldn't be better for the beginner.

The PADI Scuba Diver Course can easily be completed over a period of three days. It is an ideal course for anyone who wants to get certified but doesn't want to spend all their holiday learning to dive.

It is also an ideal course for the 'Vacation Diver' – as a certified PADI Scuba Diver you are limited to depth – 12 m/40 ft and must always dive with a Professional Diver – so ideal for those of you who may only dive once a year or so.

On completion of the PADI Scuba Diver Course you are able to 'up-grade' to the PADI Open Water Diver Course – anytime in the future at any PADI Dive Shop world-wide.

COSTS & TERMS

- Course costs F\$ 900.00 and includes all equipment hire, pool work and tutorials, 2 open water dives, all course material and certification fees to PADI.
- Booking is recommended to guarantee availability.
