

## LEARNING TO DIVE AT TOKORIKI

What makes learning to dive at Tokoriki so great is just how easy it is.

Our groups are always small, so you'll get personal attention from our Dive Instructors. We'll fit in around you so you don't miss out on other things you may have planned. Best of all you'll be learning to dive in clear, warm and safe seas – only a stone's throw away from the beach. Our Tokoriki Island dive sites simply couldn't be better for the beginner.
