

BECOMING A PROFESSIONAL DIVER AT TOKORIKI

The PADI Divemaster Course is a professional level dive course. It is ideal for Those wishing to dive independently without a professional guiding them, technical divers (mixed gases, decompression diving and diving in extreme locations) as well as anyone wishing to pursue a career in Scuba Diving.

PADI DIVEMASTER & E-LEARNING

The PADI Divemaster course expands the problem solving skills developed by the PADI Rescue Diver program, and extends it from accident management and prevention scenarios to supervisory situations with student divers and certified divers.

Divemaster problem solving may include more than safety related issues, and include handling customer service, business and operational challenges. The course also addresses attitudes and judgement.

Candidates are expected to have exemplary dive skills before signing up for a Divemaster Course. Only experienced, confident divers need apply.
